

Tilt Train

Travelling along the East coast between Brisbane and Cairns, Australia's most innovative train, the Tilt Train, is a comfortable and relaxing way for guests to experience Queensland. Reach fantastic getaways like Hervey Bay for whale watching, World Heritage Listed Fraser Island, the Great Barrier Reef and the stunning Whitsunday islands.

With a range of Tilt Trains, the Cairns service allows guests to enjoy business seating with personal entertainment screens, laptop power supply and the option of in seat dining or dining in the Club Car for light meals and refreshments.

Alternatively, the Rockhampton service is similar to the Cairns service, with a choice of business or economy seating with in seat audio and overhead visual entertainment.

All seats on Tilt Trains feature tray tables, reclining seats, foot rests, window shades and overhead reading lights.

The Tilt Trains offer a variety of features and travel options
