# Welcome to Cairns & the Great Barrier Reef Region

Walk away from the demands of the everyday and immerse yourself in the natural beauty of Cairns, the gateway to the Great Barrier Reef region.

Surrounding Cairns, the north-eastern shoulder of Australia features a magical expanse of coastline where nature shows off. Skim across six shades of blue on a tropical 10-knot breeze and immerse yourself in the beauty of the Coral Sea. Explore waterfalls shaded by a green and ancient canopy. Enjoy modern cuisine at its finest and freshest - created with produce sourced from the region's pristine waters and abundant hinterland. Lying 16 degrees south of the equator, Tropical North Queensland is where you can leave the world behind - the perfect place to change your latitude.

This region offers an abundance of wildlife spotting, cruises to the Great Barrier Reef, indulgent island resorts, idyllic rainforest retreats and plenty of opportunities to immerse yourself in the local culture.

Whether you are looking for an adrenaline-charged rafting adventure, an oasis of luxury and privacy or a fun-filled family getaway you can find it all in the Cairns and Great Barrier Reef region. The region is renowned for its superior tours to the reef, the rainforest and beyond, ensuring a hassle-free experience from the moment you arrive.
